

Not Even Alzheimer's Can Erase
Unconditional Love and Devotion . . .
The Smiles Our House Pets Bring Are Proof.
That's Why We Welcome Four-Legged Friends

Living with a pet promotes less stress, better health and overall happiness. That's why Snowball and Mack live here at Desert Hills. And, since they've moved in, they've been responsible for thousands of smiles and much happiness each day!

For those interested in moving in with us, we understand that leaving a beloved pet behind is NOT an option, so we gladly welcome pets, too.* After all, a pet is a family member.

At Desert Hills Memory Care Center, our goal is to ensure memorable days for your loved one and peaceful nights for you.
